

MISSION

Spark The Vote (STV) is working to increase voter participation by educating dispensary customers on the power of civic engagement and providing COVID-safe tools for citizens to take part in the electoral process.

WHAT DOES SPARK THE VOTE DO?

Building on the industry's legacy of corporate social responsibility, STV is activating cannabis retailers, employees, and public figures nationwide to promote the 2020 voter registration effort through customer engagement and Get Out the Vote (GOTV) Ambassador recruitment. The campaign is driven by a coalition of like-minded organizations committed to increasing voter participation and education surrounding cannabis consumer policy issues, improving civil rights, and advancing social justice.

Cannabis consumers have the potential to be a powerful constituency, and their participation in the electoral process are needed now more than ever. Spark the Vote fosters local, in-person engagement and digital outreach to make sure cannabis consumers are properly represented in the democratic process. STV is a nonpartisan, grass-roots voter-education campaign that promotes local engagement and civic participation.
